Our approach

We have taken a 'brownfield first' approach, with the need for new development being met within built up areas or on previously developed land as far as possible. Do you agree with this approach?

Yes No

Any other comments:

We have sought to make more efficient use of brownfield land through:

- town centre redevelopment
- limited reallocation of employment land
- mixed-use redevelopment
- increasing densities in opportunity areas

Do you broadly agree with these approaches?

Yes No

Any other comments:

However efficiently brownfield land is reused, there is still an unmet need for housing which can only be met on land that has not previously been built on. Do you agree with the use of a small amount of undeveloped land for this purpose?

Yes No

Any other comments:
